## In what situations is Sports Cover valid?

The trial insurance Sports Cover is valid on courses in Finland that last up to three months or until you take your first belt test. You must get an Aikidoliitto (Finland Aikikai) licence before your first belt test. Trial insurance only covers the training included in the course programme (no competitions or camps).

The policy is only valid in the courses it was taken out for.

The insurance is valid when you have signed up for an event requiring a Try Out licence on Suomisport. The insurance terminates on 31 December 2021 at the latest.

## Which treatment and examination expenses are reimbursed?

Sports Cover provides comprehensive cover for costs of doctor's appointments, medication, examinations and surgery for a maximum of three years:

- fees for examinations, treatment and surgery performed by healthcare professionals at their practice or clinic for each sudden event
- costs of pharmaceutical products and wound dressings sold at pharmacies
- daily hospital charges
- costs of dental injury examinations and treatments with no time limit for compensation
- costs of orthopaedic braces or bandages for the treatment of a coverable injury
- costs of physiotherapy to recover from a fracture, surgery or plaster treatment. Physiotherapy is also covered in knee and shoulder injuries where physiotherapy is applied instead of surgery. However, physiotherapy is only covered for a maximum of 10 sessions per sudden event.
- rental costs of forearm or underarm crutches
- travel expenses to the nearest hospital or clinic.

We require that any treatment and examinations have been prescribed by a doctor, conform to generally accepted medical practice and are necessary for the treatment of the injury.

If the insured person does not reside permanently in Finland and sustains a loss in Finland, we require that examinations and treatment begin in Finland.

## Sports Cover does not cover

- stress pain and injuries or illnesses, such as shin splints, tendinitis, or inflammation of tendons' attachment sites
- gradually arising pains, injuries or illnesses. Contrary to the above, stress fracture or its initial stage is compensated.
- illnesses, such as arthrosis or arthritis or heart attacks or other attacks of illness.
- intervertebral disk, abdominal, umbilical or groin hernia.
- loss of income or other indirect losses
- examinations or treatment carried out by a foot, speech or occupational therapist, nutritional therapist, psychologist, neuropsychologist, optician, chiropractor, osteopath, naprapathy practitioner, massage therapist or similar healthcare professional
- psychotherapy or equivalent treatment
- medical equipment, other aids and supplies or artificial limbs, except as described above concerning orthopaedic braces or bandages and rental costs of forearm or underarm crutches
